## Vitamin Booster Shot Menu

### ANTI-AGING | \$50

This "miracle" molecule is highly regarded for its favorable effect on aging and is considered the closest we've gotten to a fountain of youth. NAD+ injections activate enzymes in the bloodstream called "sirtuins" which promote the expression of favorable genes, assist in the repair of damaged genes thereby facilitating youthfulness by reducing the effects of aging.

NAD+ nutrient works rapidly to repair cells throughout the body, especially neurons in the brain that are damaged and aging. As a catalyst in ultimate brain renovation, NAD empowers the mitochondria for energy production and detoxification allowing us to reach new plateaus of mental function, helping to overcome depression, reduce anxiety, and help with common mood disorders. With improved brain function, everyday can be a good day.

### BEAUTY | \$30

This liquid gold is the secret to looking bright and fresh. It is also a master detoxifier and helps support immune system function. Our Glutathione injection also promotes softer, clearer, and brighter looking skin. Acting to fight the signs of aging, Glutathione is the body's most important antioxidant. It neutralizes and reverses the harmful effects of free radicals. Enjoy a natural cosmetic rejuvenation and unlock the secret to healthier skin. Boasting a 100% absorption rate, Glutathione injections are far superior compared to traditional oral supplements. Give your body the wellness lift it needs and enjoy our non-surgical approach to cosmetic rejuvenation.

From your brain to your heart, these vitamins are essential to everyday living and help keep you healthy. Feel the boost and become the best version of yourself with increased ability to handle stress, produce energy, and revitalize your mood and memory

## WORKOUT & MUSCLE | \$30

Essential and non essential amino acids, are the building blocks of protein, supporting muscle growth and recovery, lean muscle maintenance, increased stamina and blood flow to your muscles for maximum gains. This Anabolic combination of amino acids increases the release of growth hormones naturally, including HGH (Human Growth Hormone), kicking your metabolism into high gear promoting effective fat burning in hard-to-lose areas. Nitric oxide precursors enhance vasodilation, oxygenation, and performance for men and women.

## IMMUNITY SUPERCHARGE | \$50

The Immunity Supercharge provides a holistic approach to fortifying immunity, harnessing a potent blend of antioxidants and essential minerals. This triple-defense immunity formula includes glutathione, zinc sulfate, and ascorbic acid, collectively enhancing the body's immune response.

## WORKOUT SUPERCHARGE | \$50

Combining all of the muscle boosting benefits of essential and non essential amino acids and B12, will boost oxygen and increase energy. Our Workout Supercharge enhances the effectiveness of your workout and helps you to achieve the results you want to see. This booster shot kicks your metabolism into high gear promoting effective fat burning in hard-to-lose areas and enhancing performance for men and women.

## SKINNY WEIGHT | \$30

Release fat throughout the body with these 4 fat burning nutrients including Inositol, Choline, Methionine, and B12. Elevate your metabolism and get the weight loss results you want with the help of a Slim boost lipotropic vitamin injection which also helps to regulate sleep, mood, and appetite cycles. With benefits that last up to a week, our Skinny Weight boost is the perfect way to increase the fat burning effects of your fitness regime.

## BONE & IMMUNE BUILDER | \$45

Vitamin D-3 and Zinc are required for normal bone development and protection against osteoporosis, high blood pressure, cancer, and other diseases. They are essential for the proper functioning of the Immune system's response to infection of all kinds, especially defense against COVID-19. While maintaining normal blood levels of calcium and phosphorus, Vitamin D helps cells all over your body communicate properly.
